SUMMARY

Innovative Front End Developer with relevant hands-on experience in designing, developing, and managing complex websites and applications. Recognized for effective team collaboration and strategic project management skills. Strength lies in knowledge of various programming languages such as JavaScript, CSS, and HTML, along with strong problem-solving abilities. Previous work has made a significant impact by substantially improving user experience and website performance.

EXPERIENCE

08/2024 - Current
Front End Developer
Valoro - Cairo, Cairo

- Collaborated with back-end developers to integrate user interface elements into applications.
- Developed and maintained user-facing webpages using HTML, CSS, JavaScript, reactjs and nextjs.
- Worked closely with product owners, designers, and other stakeholders throughout the development process.
- Translated concepts into user flows, wireframes, mockups, and prototypes to promote positive intuitive designs, site interactions, and user experiences.
- Ensured clean, valid HTML and CSS markup conforming to industry standards.
- Validated code for proper structuring, security, and compatibility with different browsers, devices, or operating systems.
- Designed and implemented interactive user interfaces for websites and applications.

03/2023 - 10/2023
Front End Developer
Cyparta - Cairo, 6 October

- Collaborated with back-end developers to integrate user interface elements into applications.
- Developed and maintained user-facing webpages using HTML, CSS, JavaScript, reactjs and nextjs.
- Worked closely with product owners, designers, and other stakeholders throughout the development process.
- Established hosting for each website and completed go-live process by uploading sites to host account.
- Defined and conducted design processes at all stages, including research, conceptualization, testing, and implementation.
- Kept detailed documentation on test plans, procedures, and end results.
- Debugged existing code to identify and fix bugs or performance issues.
- Reviewed information and elements regularly on websites and pages for accuracy and functionality.
