Cairo, Egypt

SUMMARY

Results-driven Full-Stack Developer with 2+ years of experience building responsive, scalable, and high-performance web applications. Specialized in frontend development using React.js, Next.js, TypeScript, and modern UI libraries, with hands-on backend experience using Java, Spring Boot, Node.js, and RESTful APIs. Experienced in developing e-commerce platforms, integrating databases, implementing authentication and authorization, and building maintainable application architectures. Passionate about writing clean code, optimizing performance, and delivering intuitive user experiences.

TECHNICAL SKILLS

- **Frontend Development:** HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Vue.js, React Native.
- **UI & Styling:** Tailwind CSS, Material UI, Ant Design, shadcn/ui, Responsive Design, Mobile-First Development.
- **Backend Development:** Java, Spring Boot, Node.js, Express.js, RESTful APIs, Spring Security, JWT Authentication.
- **Databases & ORM:** PostgreSQL, MongoDB, Spring Data JPA, Hibernate, Mongoose.
- **State Management & Forms:** Zustand, TanStack Query, React Hook Form, Zod.
- **Tools & Technologies:** Git, GitHub, Postman, Hoppscotch, Flyway, Axios, Socket.IO, Webpack, Babel.
- **Additional Skills:** UI/UX Collaboration, Cross-Browser Compatibility, Web Performance Optimization, SEO, Debugging, Agile Development.

WORK EXPERIENCE

Full-Stack Developer | DTR

Egypt | August 2026 – Present

- Contributing to the development of an e-commerce management platform, working across frontend and backend applications.
- Developing responsive frontend interfaces using React.js, TypeScript, and Ant Design.
- Building RESTful APIs and backend services using Java and Spring Boot.
- Designing and integrating PostgreSQL databases using Spring Data JPA and Hibernate.
- Implementing authentication and role-based authorization using Spring Security and JWT.
- Developing and maintaining e-commerce features including products, categories, orders, promotions, campaigns, and inventory management.
- Managing database schema changes and migrations using Flyway.

Frontend Developer | Valoro

Cairo, Egypt | August 2024 – October 2025

- Developed and optimized responsive web interfaces using React.js, Next.js, JavaScript, and modern frontend technologies.
- Integrated frontend applications with RESTful APIs to deliver reliable and interactive user experiences.
- Collaborated with backend developers, UI/UX designers, and cross-functional teams to translate business requirements into functional solutions.
- Implemented reusable components and maintainable frontend architectures following clean code principles.
- Improved application performance, responsiveness, accessibility, and cross-browser compatibility.
- Participated in code reviews, debugging, and frontend optimization.

Frontend Developer | Cyparta

6th of October, Egypt | March 2023 – October 2023

- Developed dynamic and responsive web interfaces using React.js and Next.js.
- Integrated frontend components with backend APIs, ensuring smooth data flow and application functionality.
- Collaborated with designers and development teams to deliver user-focused features within project deadlines.
- Worked on website deployment, hosting configurations, and production releases.
- Improved application usability and performance through debugging and code optimization.
- Created technical documentation and supported testing and maintenance activities.

EDUCATION

- **Diploma of MERN Stack Development | Route, Cairo | Jul 2022**
- **Bachelor of Engineering (BEng) in Engineering | Higher Institute of Engineering and Technology, Tanta | Jul 2021**

LANGUAGE

- **Arabic:** Native
- **English:** Intermediate
